# How to Enroll in Medicare Parts A and B

## Initial Enrollment Period

- For Medicare Part A
  - If you're already getting benefits from Social Security prior to age 65, you'll be automatically enrolled starting the first day of the month you turn 65.
- For Medicare Part B
  - If you're already getting benefits from Social Security prior to age 65, you'll be automatically enrolled starting the first day of the month you turn 65. If you will continue to have group coverage, make sure to decline Part B at age 65.
  - Contact Social Security.
  - You can enroll over a 7-month period, which starts 3 months before your 65th birthday, known as the Initial Enrollment Period.
  - You may be able to enroll online at [socialsecurity.gov](https://www.socialsecurity.gov).
  - **General Enrollment Period**
- If you don't sign up for Part A and Part B when you're first eligible, you can sign up between January 1 and March 31 each year, for a July 1 effective date.

**Note:** Completing the application form and submitting it doesn't automatically enroll you in Medicare Part B. Social Security must first determine if you're eligible.

# Medicare Coverage Options

Here are some ways you can get Medicare coverage:

- You get an Original Medicare Plan through the Centers for Medicare & Medicaid Services (CMS).
  - You can supplement Original Medicare by enrolling in a MediGap Plan. Premiums for these plans are not covered. (Note: Kaiser Permanente does not offer MediGap plans.)
- You can sign up for a Medicare Advantage Plan, known as Medicare Part C, through private insurance companies

**Example: Kaiser Permanente Senior Advantage**

# Part C — Medicare Advantage Plans

- Medicare Part C, Medicare Advantage, covers:
  - All the services Original Medicare covers\*
  - With most plans, medical benefits and services in addition to Original Medicare
  - Services under a network of providers that you must use for care
- Different types of Medicare Advantage plans:
  - Health maintenance organization (HMO) plans
  - Point-of-service (HMO-POS) plans
  - Preferred provider organization (PPO) plans
  - Private fee-for-service (PFFS) plans
  - Medical savings account (MSA) plans

\*Except care for some clinical research and hospice care (Original Medicare covers hospice care even if you're in a Medicare Advantage Plan).

# Medicare Part D

Part D covers outpatient prescription drugs.

You have 3 options for enrolling in Part D:

- A Medicare Advantage plan that includes Part D prescription drug coverage

Example: Kaiser Permanente Senior Advantage

Unlike with Parts A and B, you **sign up for Part D directly** with your plan. Part D is not directly offered by Medicare or Social Security.
